

Offer your customers the latest in grip technology that adds distance & accuracy to their game.

# Buster GRIPS

"The Original Reverse Taper Grip"

*Designed to fit your hands, not just the club shaft.*

## ADVANCED DESIGN FEATURES

### GROOVE DESIGN –

Trademarked pattern improves contact area with hands and prevents hydroplaning in damp conditions.

### HIGH TECH MATERIAL –

Advanced Elastomer provides long wear, tacky feel and water repellency. Absorbs vibration.

Conforms with USGA Rules  
Made in the USA

### DETAILED DESIGN –

Smooth tapers prevent the grip from catching as club is taken in and out of the bag.

### TECHNICAL DATA -

- 1 inch in diameter at the bottom, tapering to 3/4 of an inch in diameter at the top.
- Weight: 59 grams.
- Core dia: 0.580".

### REINFORCED END CAP –

Protects the shaft from punching through after repeated drops into the bag.

### VERSATILE –

Great for right or left handed golfers. Effective on any club.
